Jason brought the meeting to order at 6:03.

Old Business - regarding fence around retention pond in Richmond Subdivision. Lora found Ordinance 07-005 which states that a chain link fence is required around a detention pond. Jake Roth, our city engineer, is using this to push the issue with Dan Nash, however, the pond in Richmond is a retention pond and not sure if that would make a difference in being able to enforce. Ongoing issue.

The proposed storage facility owner on Wilson Mann has asked about widening a portion of Wilson Mann (from the highway right of way to the western edge of their property) in order to have on-street parking. Discussed if angled parking would be better; will ask Jake.

Yvonne noticed another point of concern in Ordinance 07-005 regarding parking on residential streets. It is not allowed. Lora will discuss with Chief Dobbins.

Tony made motion to adjourn; Kenny and Deb seconded. Meeting was adjourned at 6:23.

Respectfully submitted by,

Lora Martin, Building Clerk
